

FINALS WEEK

Finals week is next week!!

There will be 3 finals periods per day with extended time each period. The students will have study and break times between exams.

Here's how you can help them do their best:

1. Serve healthy, nutritious meals at home and packed in their lunchboxes. Hold off on the sugar!
2. Be sure they have time to study and then to rest each night. There will be time for movies and parties once this is over!
3. Help your student prioritize which exams to study for each day using the schedule.
4. Students can bring a book to read if they finish early.

Finals Week Exam Schedule

Monday, Dec 12
